

I am writing to express my concern over the possibility of LPFM replacing FM translators. I listen to K-LOVE on 96.9FM. This station provides me with information regarding local events, and because it is a Christian station, the information which it provides is not available on other stations in the area. I believe it would be a loss to the community if this station were off the air. This is a station that I can listen to whenever I want to and not be concerned that my grandchildren will hear negative messages, off-color jokes and "adult" language. This station provides a positive message that is encouraging and uplifting to those who listen. Please do not allow this station to be replaced.
